ANGLING
PYSGOTA

With 23km of shoreline this is one of the best top-of-the-water fisheries in the UK. The lake is stocked with rainbow trout and the fishing is by fly only. Because the fish are reared on site in the cold Brenig water, they are fully acclimatised and have a deserved reputation for being fierce fighters! The lake is best fished by boat with bank fishing available at the Alwen Reservoir. Pike fishing is permitted with bookable pegs available over winter, including overnight. Pike as large as 30lbs have been caught in here!

Gyda 23km o lannau, y llyn yw un o bysgodfeydd pen dŵr gorau Prydain. Mae'r llyn yn cael ei stocio â brithyll seithliw, a physgota â phlu yn unig a ganiateir yma. Am fod y pysgod yn cael eu magu yn nyfroedd oer Brenig ei hun, maen nhw yn eu cynefin ac yn adnabyddus am frwydro'n ffyrnig! Mae cychod ar gael i'w llogi, a dyna'r ffordd orau o bysgota'r llyn. Gallwch bysgota o'r lan yng Nghronfa Alwen. Caniateir pysgota penhwyaid hefyd, ac mae pegiau ar gael i'w bwcio dros y gaeaf, gan gynnwys rhai dros nos. Cafodd penhwyaid hyd 30 pwys eu dal yma yn 2019.

ADVENTURE PLAYGROUND
MAES CHWARAE ANTUR
